Best in Years.

The rendition of Goethe's *Damnation of Faust* by Porter J. White's company, at the Opera House on Saturday night, was the most finished and polished production ever on that stage. The electrical and the performance from first to last was artistic in the true sense of the word. The company carry their own special scenery and one transformation scene followed another in rapid succession until the climax was reached. It was a magnificent spectacle. The manager announced that the company would appear again next season; we can assure them a hearty welcome.—Rochester, Pa., Herald, Jan. 9, 1899.

FATHER AT 89.

Four Children Have Been Born
Within The Past Six Years.

The news has reached the city Uncle Billie Pearson was a few nights ago presented with a bouncing baby boy by his wife, who is very much younger than Uncle Billie. Mr. Pearson, and everybody knows Uncle Billie, is now eighty-nine years of age. He was reared in this county and lived in the Goshen county until last fall, when he moved to Tennessee. He was married when quite a young man and his first wife lived with him for sixty-one years. When he was past eighty years old she died, and within a year or two he married again. By this second wife he had two children. Some three years ago the second wife died. Without much loss of time he married a third wife, this time choosing a sister of his second wife, and by this third wife two children have been born, the last one, only a few days ago. The friends of Uncle Billie in his old home send congratulations to him on his success a family raiser.—Bowling Green Journal.

"Hunt The Indian," Society's New Game.

A new out-of-door game has been started at Lemax and Bar Harbor which can certainly take the first place for originality. It is called Hunt the Indian. Any number of people can play. A small wooden ball, printed green, with the figure of an Indian on it, is hidden among the shrubs or on the grass. An umpire is appointed who hides the ball and is the only one who knows where it is. Then, at a given signal, the players throw themselves on the grass, full length, lying sideways, as close to the level of the ground as possible. Thus they all catch sight of the smallest object between themselves and the horizon. Exactly in the same way the Indians look and listen for an approaching foe. The first to spy the ball calls out Indian! All the others rise, and the winner goes and picks up the ball and gives it to the umpire, who keeps the score. There is no time allotted for the ending of the game. The person who spies the ball the greatest number of times wins the prize.—Demorest's Magazine for November.

CIRCUIT COURT.

Motion for New Trial in Wadlington Case Overruled.

The attorneys for the defense in the case of Claude Wadlington, convicted of manslaughter for the killing of W. Parks Wilson and given two years, on Friday filed their reasons for asking a new trial and the matter was argued before the Court Saturday morning. Messrs. O. H. Anderson, County Attorney, and John Poland spoke in behalf of the Commonwealth against the motion, and Judge Jas. Breathitt presented the other side of the case. The court overruled the motion, and the defense then asked for arrest on judgment, pending an appeal to the higher courts.

In the damage suit of Jas. A. Radford against the I. C. R. R. Co., the jury on yesterday returned a verdict in favor of plaintiff for \$1,500, the full amount sued for. Several months ago Mr. Radford shipped his fine stallion over the company's road from this city to Evansville and the petition alleged that while enroute the animal was "hipped."

A large number of cases have been disposed of at this term. Common law causes will be looked after today and tomorrow, and court will likely adjourn Thursday.

The November Demorest's appears in the old form in which it was published for nearly forty years.

The change to the large size which was made in 1897 proved both popular and successful, but the old subscribers have never grown quite used to it, and in response to their requests, the magazine reverts to the original form.

If there is any perceptible change in the matter in Demorest's it is, as usual, for the better. The table of contents for November provides a rare treat in fiction, as well as in scientific, social and philanthropic topics.

Pensioned a Chinaman.

Ah Yu, of Shanghai, China, has been granted the first pension ever issued by this Government to a native of the Celestial Empire. This Chinese, who served with Admiral Dewey, although he was not in the battle of Manila, has been a faithful servant of Uncle Sam since July 23, 1884. Ah Yu served on the Olympia, Baltimore, Charleston, Monocacy, Omaha and the Palos. The pension granted is \$40 a month, with back pension amounting to \$510.

Stanley Long Among Them.

The following Kentucky Republicans, recommended by Senator Deboe, successfully passed the census examination and will be appointed to clerkships: John E. Edmiston, Crab Orchard; James D. Myers, Wyoming; Mrs. Edith Bowman, Lexington; J. Hunt McMurtry, Lancaster; W. C. Baker, Falmouth; Harry Weigle, Newport; John C. Larue, Henderson; Charles R. Petty, Lawrenceburg; Ed S. Long, Hopkinsville, and Wallace C. Franklin, Sheridan.

Republicans Knocked Out.

Just as everybody expected, the silly attempt of the Republicans to upset a decision of the Court of Appeals with a so-called injunction, was set aside by Judge Cook and the County Judge was politely given to understand that the Circuit Judge would get out his own injunctions when they were needed. The third attempt to destroy the ward system, thus dies a-borning.

Brought Fancy Figures.

Mr. C. Nicoll has sold his handsome pair of chestnut sorrel gelding, which he had on exhibition at the Guthrie fair, for \$3,400. The sale was made at the St. Louis horse sale.

TWO VERY PROMINENT PUBLIC MEN

Owe Health and Happiness to Pe-ru-na.

Hon. Wm. Youngblood, Auditor for the Interior.

Congressman Howard from Alabama.

Washington, D. C., Dec. 10, 1898.

Pe-ru-na Drug Mfg Co., Columbus, O.: Gentlemen—I've often heard of your great medicine and have persuaded my wife, who has been much of a sufferer from catarrh, to try Pe-ru-na, and after using one bottle she has wonderfully improved. It has proved all you have claimed for it, and I take pleasure in recommending it to anyone who is afflicted with catarrh. Yours,

Wm. Youngblood, Auditor for the Interior.

Catarrh in its various forms is rapidly becoming a national curse. An undoubted remedy has been discovered by Dr. Hartman. This remedy has been thoroughly tested during the past forty years. Pe-ru-na cures catarrh in all stages and phases. There is no remedy that can be substituted.

WASHINGTON, Feb. 4th, 1899.

Pe-ru-na Drug Mfg Co., Columbus, O.: Gentlemen—I have taken Pe-ru-na now for two weeks, and find I am very much relieved. I feel that my cure will be permanent. I have also taken it for la grippe, and I take pleasure in recommending Pe-ru-na as an excellent remedy to all fellow sufferers.

Very Respectfully, M. W. Howard.

Congressman Howard's home address is Fort Payne, Ala.

Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Pe-ru-na is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, because colds, is to cheat catarrh out of its victims. Address Dr. Hartman, Columbus, O., for a free catarrh book.

WOMEN do suffer!

Even so-called healthy women suffer!

But they are not healthy!

The marks left by pain are on the young faces of many of our daughters. Pain that leaves its mark comes from a curable cause. If that cause is not removed its influence reaches out and overshadows a whole life. The reason Lydia E. Pinkham's Vegetable Compound has been so uniformly successful for over a quarter of a century in overcoming the suffering of women, is that it is thorough and goes directly to the cause. It is a woman's

MUST WOMEN SUFFER?

remedy for woman's ills.

MISS EMILY F. HAAS, of 148 Freeman St., Greenpoint, Brooklyn, N. Y., writes:

"DEAR MRS. PINKHAM—I wish to state that I used your Vegetable Compound with the greatest success. I was very sick for nearly a year with hysteria, was down-hearted and nervous; also suffered with painful menstruation and pain in back and limbs. I often wished for death, thinking nothing would cure me. I had doctors, but their medicines did me no good. At last, by the advice of a friend, I began to take Lydia E. Pinkham's Vegetable Compound, and I am happy to say it has entirely cured me.

JENNIE SHERMAN, of Fremont, Mich., Box 748, writes:

"DEAR MRS. PINKHAM—I feel that I must write you and tell you what your medicine has done for me. I had neuralgia of the stomach for two years, so bad that I could not do any work. I had two or three doctors, but did not seem to get any better. I began taking Lydia E. Pinkham's Vegetable Compound and Liver Pills and improved from the first, had better appetite, and after taking three bottles of Compound and one box of Liver Pills, can say that I am cured. Your Vegetable Compound is a wonderful medicine."
